

Commence in Closed Hold, man facing, lady backing, diagonal wall.

MAN'S STEPS**WHISK – WING – CROSS CHASSE – CROSS CHASSE**

- 1) LF fwd diag wall, RF fwd turning L to Prom Position. Cross LF behind RF (123)
- 2) RF fwd. Close LF towards RF, leading lady towards L side in CBMP. Close LF to RF without weight, lady on L side, facing diag wall (123)
- 3) LF fwd diag wall on lady's L side. Turning L, RF to side in hover action. Close LF to RF facing diag centre on lady's R side (123)\
- 4) RF fwd diag centre on lady's R side. Turning R, LF to side in hover action. Close RF to LF facing diag wall, square to partner (123)

REVERSE TURN – REVERSE TURN – TRAVELLING CONTRA CHECK – CHASSE

- 5) Turning L, LF fwd, RF to side diag centre. Close LF to RF, end facing against LOD, partner square (123)
- 6) Turning L, RF back diag centre, LF to side diag wall. Close RF to LF, end facing diag wall, partner square (123)
- 7) RF fwd diag wall, slightly flexing L knee. RF fwd diag wall, turning lady to Prom Position. LF to side, slightly fwd, in Prom Position (123)
- 8) RF fwd down LOD in CBMP and Prom Position. LF to side, RF closes to LF. LF fwd down LOD, facing diag wall (12&3)

FALLAWAY – SLIP PIVOT – NATURAL TURN – SPIN TURN

- 9) RF fwd and across in CBMP in Prom Position. Turning R, LF fwd to end backing diag centre. RF back, R shoulder leading, backing diag centre (123)
- 10) LF back diag centre in Fallaway Position. Turning L, RF back diag centre against LOD, square to partner (Slip Pivot). Still turning L, LF to side and slightly fwd facing diag wall on lady's R side (123)
- 11) RF fwd in CBMP diag wall on lady's R side. Turning R, LF to side to wall, square to partner. Close RF to LF, end facing against LOD (123)
- 12) LF back down LOD. Turning strongly R, pivoting on RF, LF back diag centre (123)

TURNING LOCK STEP – HINGE LINE – HOVER – CLOSED FINISH

- 13) RF back diag centre, LF crosses in front of RF, RF back diag centre (123)
- 14) LF slightly back and to the side. Turning L, flexing L knee and extending R leg, leading lady to Hinge Line (123)
- 15) Feet in place, straighten L knee, turning partner square. Replace weight to RF against LOD, turning lady to Prom Position, LF to side along LOD, with hover action on last two steps (123)
- 16) RF fwd down LOD in Prom Position. Turning slightly R, LF to side to diag centre, turning partner square. Close RF to LF, to end facing diag wall (123)

Commence in Closed Hold, man facing, lady backing, diagonal wall.

LADY'S STEPS**WHISK – WING – CROSS CHASSE – CROSS CHASSE**

- 1) RF back diag wall. LF back turning R to Prom Position. Cross RF behind LF, end facing diag centre in Promenade Position (123)
- 2) LF fwd diag centre in CBMP, starting to curve towards man's L side. Turning L, RF fwd, LF fwd diag centre against LOD (123)
- 3) RF back diag wall on man's L side. Turning L, LF to side in hover action. Close RF to LF, on man's R side, backing diag centre (123)
- 4) LF back diag centre on man's L side. Turning R, RF to side in hover action. Close LF to RF, square to partner, backing diag wall (123)

REVERSE TURN – REVERSE TURN – TRAVELLING CONTRA CHECK – CHASSE

- 5) Turning L, RF back. LF to side diag centre. Close RF to LF, end facing LOD, square to partner (123)
- 6) Turning L, LF fwd, RF to side down LOD. Close LF to RF, end facing diag centre against LOD, square to partner (123)
- 7) RF back diag wall, slightly flexing R knee. LF back and slightly to side, turning R to prom Position. RF to side down LOD to end in prom Position (123)
- 8) LF fwd down LOD in CBMP and Prom Position. RF to side, LF closes to RF, RF fwd down LOD facing diag centre (12&3)

FALLAWAY – SLIP PIVOT – NATURAL TURN – SPIN TURN

- 9) LF fwd and across in CBMP in Prom Position. Turning R, RF fwd in Prom Position, end backing diag centre. LF back, L shoulder leading, backing diag centre (123)
- 10) RF back in Fallaway Position, diag centre against LOD. Turning L, LF fwd between man's feet, square to partner (Slip Pivot). Still turning L, RF to side slightly back, backing diag wall, man on R side (123)
- 11) LF back diag wall in CBMP, man on R side. Turning R, RF to side to wall, square to partner. Close LF to RF, end facing LOD (123)
- 12) RF fwd down LOD. turning strongly R, LF back down LOD. Still turning R, RF brushes to LF without weight, then RF fwd diag centre (123)

TURNING LOCK STEP – HINGE LINE – HOVER – CLOSED FINISH

- 13) LF fwd diag centre, L shoulder leading. Cross RF behind LF, LF fwd diag centre (123)
- 14) LF fwd diag centre, turning L. RF to side along LOD Falling away, LF whisks behind RF and RF points fwd without weight (123)
- 15) RF fwd against LOD. Turning R, LF small step against LOD. Brushing RF to LF with hover action, RF fwd down LOD, ending in Prom Position (123)
- 16) LF fwd in CBMP, starting to turn L. RF to side to diag centre, square to man, LF closes to RF, end backing diag wall (123)
